

POWER-GRAZE 200

A High-Power LED Wall Graze Light With A Choice of Colour Options & Beam Angles

80mm Width | 200W/m | Indoor & Outdoor Use

Integrated Driver

Features & Benefits

Robust Construction

A high-quality, powder-coated, die-cast aluminium body and a tempered glass outer lens ensures this luminaire will last.

Pick Your Colour

Available in a choice of static white CCTs, tunable RGBW, or choose the 7 in 1 option (RGBWCLA) for superior colour reproduction with intelligent output balancing.

Beam Angle Selections

Choose from multiple beam angles from an ultra narrow 2.5°, to a wide 60°.

Anti-Glare Accessories

Reduce glare from this luminaire with integrated snoot or honeycomb louvre accessories.

Choose Your Control

Control options for the integrated driver include: On/off, 0-10V PWM, Dali and DMX.

Compliance

UKCA, CE, IP66

5-Year Warranty

Standard 5-year warranty, L70 (Static White) @ >50,000 hours.

The white values above are specified at CRI = 80, for CRI = 90 reduce values given by 15%.

If the data that you require is missing, please contact your Vexica representative

¹ RGBW consists of 4 channels (Red, Green, Blue & White), each capable of outputting 1/4 of the total luminaire power output. The 'Max' value is taken when all four channels are at 100% and the fixture is running at its maximum power output.

² 7 in 1' with Output Balancing utilises 7 channels (RGBWCLA) of control for superior colour reproduction. Embedded intelligent control maximises the output at any selected colour. The values above represent the maximum possible lumen output per channel. These are not simultaneously achievable due to output balancing technology.

Vexica run regular development cycles, continuously optimising and balancing product specifications to best suit our customers. All information therefore, is intended as a guide and specifications may change on occasion without notice or announcement. Technical data is measured under controlled conditions, expected performance is within +/- 10% of advertised figures. Luminaire output stated is actual value from the luminaire itself. Information provided above is intended as a description of the product and shall not be used in the form of any contract.
